Lime Street Sound (formerly Drop In Recording)

Dublin

October 1996 – January 2004

Chief Engineer. Recording, editing and mixing audio post for multimedia, film and TV in a five-studio facility. Typical projects included LCRS and 5.1 mixing for film and TV, film sound editing, ADR and Foley, radio and TV ads, and Irish language dubbing. Introduced many techniques and processes currently used throughout the facility. Also responsible for installing, maintaining and troubleshooting equipment. Worked closely with management in making decisions regarding purchases and procedure. Credits include:

- Film: *Spin The Bottle, Veronica Guerin, The Actors, Mapmaker, Traveller, Peaches, Beckett on Film, The Last Bus Home*, dozens more
- RTÉ: *Paths To Freedom, Fergus' Wedding, Cabin Fever, Treasure Island, House Hunters in the Sun, Nation Building, Our House, Rapid*, other series and many one-off documentaries
- TG4: *The Muppet Show, SpongeBob SquarePants, Watership Down, Hotel Oslo*, dozens of other series, features and documentaries

Doppler Studios

Atlanta, GA

November 1990 - June 1996

Staff Engineer. Recorded, edited and mixed music projects, radio ads, film and TV audio post, ADR, corporate A/V's, etc. in the south-east USA's largest audio studio complex. Considerable experience in both tape-based and digital audio workstation environments. Also repaired and serviced equipment, maintained computer libraries and wrote two custom database applications. Credits include:

- Film: *Fled, The War, Things to Do in Denver When You're Dead, The Stars Fell on Henrietta*
- TV and Radio: *Savannah, Baywatch*, hundreds of advertisements
- Music: *Riverdance - The Show, Boyz II Men, Toni Braxton, Silk* (recorded the #1 song on both the Pop and R&B charts - Billboard Magazine, May 1993)

Bose Corporation**Framingham, MA***May 1987 - May 1988*

Assistant Design Engineer and Technician. Constructed, tested and auditioned prototype loudspeakers and gave recommendations for design changes. Also repaired defective test equipment and prototypes. Was offered a position as Design Engineer in May 1988.

EQUIPMENT PROFICIENCY

Pro Tools (daily use since 1996), WaveFrame, Harrison MPC and Series 12 Film Mixing Desks, Digidesign ICON and ProControl surfaces, other desks including SSL and Euphonix, Mac and Windows operating systems, ADRStudio, Titan, Soundminer, Netmix, ISDN codecs, and a wide variety of outboard equipment and microphones.

AWARDS**Irish Film & Television Academy (IFTA)**

Best Sound in a Film or TV Drama. Four nominations (*Short Order, Stardust, Lassie, The Silence*) and two wins (*Lassie, The Silence*).

EDUCATION AND TRAINING**Ardmore Sound****Bray, Co. Wicklow**

Attended a series of weekend Master-classes on Film Sound Mixing, Summer 1999. American industry experts Mark Berger and Leslie Shatz provided instruction on the theory and practice of mixing a feature film.

Berklee College of Music**Boston, MA**

Professional Diploma in Music Production and Engineering, May 1990. Graduated with highest honours. Theory and practical application of recording and production techniques, including many in-studio projects. Also took courses in music business, arranging, writing and performance.

Massachusetts Institute of Technology**Cambridge, MA**

B. S., Electrical Engineering, May 1988. Specialisation in acoustics. Thesis: *Acoustic Lens to Improve the Directivity of a Full Range Loudspeaker*.

Berkeley High School**Berkeley, CA**

Graduated in top 1% of class, June 1984.
